Message

Fawad Ateeq Barry CEO

وَلَنَبْلُوَنَّكُم بِشَىءٍ مِّنَ ٱلْخُوْفِ وَٱلْجُوعِ وَنَقْصِ مِّنَ ٱلْأَمُوَالِ وَٱلْأَنفُسِ وَٱلشَّمَرَاتِ وَبَشِّرِ ٱلصَّابِرِينَ هُ

And We will surely test you with something of fear and hunger and a loss of wealth and lives and fruits, but give good tidings to the patient.

(Al-Quran 2:155)

All praise is due to Allah. Today, after 15 months, the news that a ceasefire agreement has been reached between Palestine and Israel is extremely reassuring. However, the immense bloodshed of Palestinian Muslims in this war and conflict is very painful. May Allah accept all our efforts in this regard, and may He grant peace and safety to all Muslims around the world who are in distress. Ameen!

On December 1, 2024, by the grace and mercy of Allah, we inaugurated the Ateeq ur Rahman Barry Medical Center, and from the very next day, the clinic became operational for patients. We hope that this institution will InshaAllah, have a positive impact on society. Our dream is to grant every individual in Pakistan the right to access healthcare. Since 40% of Pakistan's population lives below the poverty line, it is extremely difficult for the average person to afford treatment for themselves and their children. The purpose of establishing this institution is to provide people with quality healthcare at a good facility.

I am immensely grateful to Allah, who granted us the opportunity to do this work. I would like to express my heartfelt thanks to all my friends and family, especially Mr.

Anwar Maqsood, who supported us in this endeavor. I invite all of you to join us in fulfilling our dream of a healthy society where everyone has access to quality healthcare, and, InshaAllah, they will be able to live a healthy and prosperous life.

December, 2024 has been a month of significant events:

- ♦ December 1, 2024, Ateeq Ur Rahman Barry Medical Center Inauguration.
- ♦ December 13, 2024, JCI Award Colombo, Sri Lanka We were honored with an award by JCI, marking our seventh consecutive award.
- ♦ December 17, 2024, FPAP Fire Safety Conference Sponsorship. A successful conference where excellent presentations were given on the topic of fire safety and awards were given.
- ♦ December 19, 2024, Burns Centre's 20th Anniversary Celebration at the Governor House, Karachi.The achievements and services of the Burns Centre were appreciated and recognized.

Webinars: In November, we conducted three webinars across Pakistan in collaboration with 3M, joining a large number of participants. These webinars focused on raising awareness about 3M safety products, particularly PPEs, and aimed to improve knowledge regarding the use of PPEs to promote the best safety standards for industry workers.

Alhamdulillah, 2024 has concluded, and we thank almighty Allah for the excellent services performed by Haseen Habib this year. All our branches have moved forward and supported us in this mission. We hope that 2025 will also be a year of success, and we will continue advancing our mission of Fire Safe Pakistan.

Wishing you all a Happy New Year from my side! I pray that Allah grants you all His protection and success. Ameen!

Wassalam, Fawad Ateeq Barry

NEW OFFICE BLOCK INAUGURATION - RAWALPINDI

Alhamdulillah, we are pleased to announce another significant milestone achieved on November 22, 2024; we have inaugurated our new office block in Rawalpindi. The ceremony was graced by Lt. General Guhlam Muhammad Malik (Retd.) as chief guest, and our honorable CEO, Mr. Fawad Barry's presence, marking a momentous occasion in our journey of growth and excellence. Lt Gen Muhammad Sabir (Retd), Maj Gen Viqar Ahmed khan (Retd), Mr. Mansoor Baghpati, Brig SSG Kayani (Retd), Brig Mumtaz UI Haq (Retd), Brig Najeed Amer Gul (Retd), Lt Col Nadeem Khalid (Retd), Lt Col Amjad Hussain (Retd), Lt Col Habibullah (Retd) and Lt Col Akram Mahmood (Retd), were also among the respectable guests.

INAUGURATION OF ATEEQ UR RAHMAN BARRY MEDICAL CENTRE

Alhamdulillah, by the grace of Almighty Allah, we are pleased to share the inauguration of Ateeq Ur Rahman Barry Medical Centre on December 1, 2024. The event was honored by the presence of Mrs. Ateeq ur Rahman Barry, who inaugurated the Ateeq Ur Rahman Barry Medical Centre. Our Brand Ambassador & the Chief Guest of the ceremony Anwar Maqsood Sahab, appreciated the efforts of Mr. Fawad Barry, CEO Haseen Habib, and Mr. Jawad Barry, ED Haseen Habib, for their dedication and efforts in bringing their vision to life.

Ateeq Ur Rahman Barry Medical Centre a project of Haseen Habib Foundation Trust which is a non-profit organization committed to serving humanity with quality health care services. Notably, the Centre will feature a dedicated eye clinic, providing services that extend from routine eye care to advanced cataract operations. Beyond medical consultations, our commitment extends to providing quality health care through qualified Family Medicine Physicians, Ophthalmologists as well as qualified Specialist of major clinical specialities. Ateeq Ur Rahman Barry Medical Centre is equipped with the latest equipment, as our mission is to provide high quality healthcare that is accessible and affordable for every individual.

2nd NATIONAL FIRE SAFETY CONFERENCE & RISK-BASED AWARDS BY FPAP - SPONSORED BY HASEEN HABIB

We are proud to sponsor the 2nd National Fire Safety Conference & Risk-Based Awards on 17th December 2024, held at Pearl Continental Hotel, Karachi, marking the Silver Jubilee of Fire Protection Association of Pakistan. The event was filled with informative presentations that explored the latest advancements in the fire safety industry for all attendees.

Our honorable CEO, Mr. Fawad Barry, delivered a remarkable speech emphasizing the importance of safety in both homes and workplaces. A standout moment was the outstanding presentation by Mr. Abdur Rahman Barry, who provided valuable perspectives on disaster management in the UK.

JCI REGIONAL PARTNER CONFERENCE 2024

Alhamdulillah! Haseen Habib Trading has been awarded the 7th consecutive Best Distributor Award from Johnson Controls for our unwavering commitment to introducing the latest Fire Safety Systems and Technology in the field of Fire Alarm & Suppression Systems. This achievement is a testament to our dedication to protecting lives and property in alignment with our mission of a Fire Safe Pakistan.

Our honorable CEO, Mr. Fawad Barry, was honored to receive the prestigious "Loyalty and Engagement Award" for promoting Simplex world's best brand for Fire Alarm System. During the recent Regional Partner Conference held in Colombo, Sri Lanka, on December 13, 2024. The event was attended by our honorable CEO, Mr. Fawad Barry, Col. Habib Ullah (Area Manager - North), and Mr. Muhammad Basim Ahsan (Assistant Manager Sales & Application). This achievement was made possible due to the combined efforts and passion of our entire team, whose hard work continues to drive our success and contribute to the safety of communities across the nation.

20 YEARS JOURNEY OF BURNS CENTRE

The 20th anniversary celebration of the Civil Hospital Burns Centre, held at the on 19th December 2024, Governor House, marked a significant milestone in healthcare. Mr. Fawad Barry CEO Haseen Habib, (Friends of Burns Centre – Vice President) congratulated Burns Centre on their 20 Anniversary and emphasized on human health and welfare in his speech.

The event featured the presence of key figures of Burns Center which includes the Patron in Chief Zahid Saeed, President Farhan Hanif, Muhammad Abdullah Feroze, Arjumand A. Qazi, Dr. Shaista Afandi, Azmat Ataka, Ex Caretaker Prime Minister Pakistan Muhammad Mian Soomro, and counsels from Qatar, Bahrain, Oman, China, Japan, and other countries, along with members of the Friends of Burns Centre and healthcare professionals. Governor Tessori praised the center's two decades of dedication, highlighting its importance in burn care and the role of public-private partnerships in its success. The event celebrated the center's achievements while looking forward to further advancements in burn treatment and care.

3M SAFETY - WEBINAR SERIES

Haseen Habib Trading recently hosted a successful webinar series in collaboration with 3M, held on November 11th, 13th, and 14th. These informative sessions focused on enhancing workplace safety through advanced protective solutions, led by industry experts Viren Shah (EMEA Specialist - Application Engineer, 3M, UAE) and Tejas Viswanathan (Senior Application Engineer, 3M UAE), the webinars covered key topics such as:

- 3M Personal Safety Division.
- 3M Fall Protection.
- 3M Scott Safety.

The sessions provided valuable insights to participants, empowering them with the knowledge to improve safety standards within their workplaces.

This successful collaboration further solidifies Haseen Habib Trading and 3M's commitment to delivering top-tier safety solutions and industry expertise.

ACHIEVEMENTS

LUMS has been upgraded with State of the Art latest Fire Alarm System integrated on Lan System

The two different variants of Simplex panels, viz; 4100ES and 4010ES are installed at nine different buildings of Lahore University of Management & Science (LUMS) that include hostels, an academic block, and a central canteen. As per client requirement, all the panels must be networked and send annunciation to the Network Display Unit (NDU) installed at the main gate to monitor all panels, trouble, and alarm events timely. In order to make a concrete network among all panels, we proposed the TCP/IP solution to the client. We used LUMS Local Area Network (LAN) to network all the panels. We successfully installed the system and tested the system in the presence of different stakeholders. The client is utmost satisfied with our solution. The commissioning of said system was jointly performed by the Karachi Head Office and Lahore branch office.

Cybernet has been provided with Latest Fire Suppression System among State of the Art networking of Sur-Gard

The Sur-Gard is being mostly used by Security Companies to monitor the burglar alarm system installed in various branches of bank. We used Sur-Gard to communicate two Simplex panels installed in different locations of Karachi. We successfully integrated our graphical software with Sur-Gard panels. We will further expand the system by bringing more than 50 panels events at Sur-Gard. The system was successfully commissioned first time in Asia region and endorsed by our OEM as well. The commissioning team comprises of Mr. Khaamis Iqbal Mazari (Assistant Manager - Projects), Mr. Shaheer Ahmed Abbasi (Project Engineer) and Mr. Mudassir Nazar (Field Staff).

Abbott Laboratories Vertical Turbine Fire Pump Project Under FM Global Standards

Haseen Habib has completed a significant project at Abbott Laboratories, involving the supply, installation, testing, and commissioning of a UL / FM approved Electric Diesel Jockey (EDJ) fire fighting pump set. This system package includes Pentair Vertical Turbine Fire Pumps designed for 2000 GPM at 116 PSI as per NFPA 20 UL/FM standard. The project was designed, supervised, and witnessed by the well-known Consultant A-PLUS ENGINEERS. The pumps were installed, tested, and commissioned by Haseen Habib in accordance with the FM Global standards. Haseen Habib strictly complied with the stringent FM Global guidelines throughout the system's testing and commissioning. The execution was done under complete HSE and quality standards supervised by Haseen Habib's experienced and qualified engineers, and technical staff. This Project is one of the state-of-the-art projects of Fire Pump executed by Haseen Habib.

Standby Foam System Developed For Ansul Bladder Tank System At Karachi Hydrocarbon Terminal Limited

Haseen Habib also completed an important project at Karachi Hydrocarbon Terminal Limited, which is located at Port Qasim, Karachi. This project involves the replacement of the existing bladder with ANSUL's new bladder of 3000 Gal inside a horizontal bladder tank. Our scope include removing of existing bladder and installation of a new one inside the bladder tank with the filling of a foam, testing and commissioning of the system as per the approved procedures. During the test of the bladder we had observed a leakage which was later investigated & comprised by Ansul as a product fault. The new bladder had prolonged lead time, hence considering the safety of the terminal and to save the product (stored in the tanks) in the event of a fire, Haseen Habib offered a standby / backup foam system to the client to avoid any mishap due to the non-availability of a foam system at the terminal. The standby foam system was designed, delivered, installed and commissioned by Haseen Habib which included a 10,000 liters fiber foam tank with a SKUM inline inductor and piping arrangements that can extinguish the fire if any incident occurs. Following the receipt of the replacement foam bladder, Haseen Habib successfully completed installation, testing and commissioning of the foam system. KHTL now has a backup foam system in addition to its own foam system, which is a worthy addition to the terminal that stores highly flammable products including polar solvents and hydrocarbons.

OUR DYNAMIC PRODUCT PORTFOLIO

Work at Heights? Stay Safe with 3M Protecta SRLs!

3M Protecta Self-Retracting Lifelines (SRLs) offer the ultimate fall protection solution. This compact, lightweight design is easy to use and built to last with durable, corrosion-resistant materials.

Key Benefits:

- Safety First: Automatic fall arrest limits free fall distance.
- **Enhanced Mobility:** Ergonomic swivel design prevents twisting.
- **Versatile Applications:** Perfect for construction, maintenance, and more.
- Trusted Quality: Certified to global safety standards.

Multiple lengths available (6m, 10m, 15m, 30m) - Order Now!

ARB Pillar Hydrant by Haseen Habib

The ARB Two-Way Pillar Hydrant is a reliable and durable solution for effective water distribution in emergency situations. It is designed for use in fire-fighting systems, ensuring fast access to water with high pressure and safety standards. The hydrant comes in two variants: a 150mm inlet and a 100mm inlet, each offering exceptional performance and resistance to wear under harsh conditions.

Key Features:

- Inlet Options: 150mm and 100mm Flange PN20 inlet configurations, ideal for various infrastructure needs.
- Working Pressure: Operates efficiently at a pressure of 16 bar, withstanding test pressures up to 24 bar.
- Outlet Valve: Features a 2x2.5" dia threaded oblique landing valve, which provides superior control for water flow during an emergency response.
- Seals and Glands: Equipped with Teflon bonnet seals and rubber gland seals for optimal performance under pressure.

Applications:

- Fire-fighting systems.
- Municipal water supply systems
- Industrial water management systems

We ensure testing of our Pillar Hydrant before delivery, guaranteeing its performance and reliability in emergency situations.

This hydrant meets the highest standards of quality and safety, ensuring that it is a dependable asset for fire-fighting operations and other water access needs

Simplex ES MX Series

The Simplex ES MX interface brings an incredible level of capability and flexibility to Simplex systems by enabling powered loop architecture and the use of loop-powered sensors, notification appliances, and peripherals. Compatible with Simplex 4100ES, 4010ES, and 4007ES fire alarm control units, ES MX interface cards provide loop power, device communication monitoring, supervision, and control for up to 250 addressable initiating devices or notification appliances. Multiple ES MX Loop Interface Modules can be used to increase the number of loops and overall system capacity. This approach pairs powerful Simplex networking, graphical workstations, and audio capabilities with a comprehensive range of UL-listed and EN-approved MX sensors and bases that feature soft addressing. Designed for easy configuration, installation and maintenance, MX sensors can be programmed using a QR code and mobile phone app.

Features:

Loop powered, addressable sensors: Power, control and supervision of sensors is delivered via a single loop, reducing wiring, and simplifying installation.

Soft addressing: Device addresses are stored in the sensor head and programming can be changed from the control unit or using a QR code and mobile phone app.

Appealing design: Low profile and sleek contoured design help the devices blend into a facility's environment.

Agency Approvals: Sensors meet stringent UL and EN requirements.

Wide range of options: Choose from photo, heat, and CO sensors; bases with and without isolation; loop powered sounder bases; single and dual I/O modules; relay, signal, monitor, and separate line-powered isolator modules; indoor and outdoor break glass call points; single- and dual-action manual stations.

OUR DYNAMIC PRODUCT PORTFOLIO

Bristol Fire Doors: Engineered for Maximum Fire Safety and Reliability

Bristol Fire Doors are UL-listed fire-rated doors designed for optimal fire protection and safety. Manufactured with cutting-edge technology and high-quality materials, these doors are engineered to meet the most stringent safety standards, providing fire resistance up to 120 minutes.

Who is Using Bristol Fire Doors in Pakistan?

Bristol Fire Doors are trusted by renowned organizations across Pakistan, including:

- Coca-Cola
 Coronet Foods
 Lucky Textile Mills
- United Towel Exporters

- PTCL
- Artistic
- Chottani Industries
- Union Fabric and so on.

These organizations rely on Bristol's superior quality and compliance with international fire safety standards to ensure the safety of their premises and employees.

Product Benefits:

- 1. Enhanced Fire Protection: Fire-rated for 120 minutes to contain fire and smoke, ensuring a safe evacuation.
- 2.Durable Construction: Made from 16-gauge galvanized steel with a robust double rabbit frame for strength and
- 3.Complete Package: Comes with UL-listed hinges, push bar with handle, closer, and finished paint, offering a ready-to-install solution.
- 4. Customizable Options: Available with or without vision glass panels, catering to various aesthetic and functional requirements.
- 5. Certified Safety: UL certification ensures compliance with international safety standards for maximum reliability.

Technical Details:

- Dimensions: 36" x 84" (±5%)
- Material: 16-gauge galvanized steel
- Fire Rating: 120 minutes
- Frame: Double rabbet frame with a jamb depth of 146 mm
- · Hardware: UL-listed components, including hinges, push bar, handle, and closer
- Finishing: Factory-applied paint for durability and aesthetics

Bristol Fire Doors are not just a fire safety product; they are a comprehensive solution for passive fire protection, trusted worldwide for their quality and reliability.

ARB Fire Pumps by Haseen Habib

- ARB Fire Pump by Haseen Habib is NFPA 20 compliant in terms of flow and pressure and has been designed, fabricated, assembled, tested, and verified in Pakistan at our own production facility.
- The ARB fire pump sets are available in flow rates of 100, 250, 500, 750 & 1,000 USGPM capacities with rated pressures up to 10 Bar. We believe that ARB fire pumps offer an economical and reliable solution for water-based suppression systems.
- We offer a 1-year warranty (T&C Apply) along with complimentary maintenance for the first year. This ensures that your investment remains in excellent condition, allowing you to focus on what
- Our Team of professional engineers is committed to providing exceptional after-sales service, ensuring your ARB EDJ Fire Pump operates at peak performance, and addressing any questions or concerns you may have.

TRAININGS CONDUCTED BY OUR PROFESSIONAL **TRAINERS -** Mr. Aijaz Ahmed, Mr. Javed Iqbal & Mr. Khaamis Mazari

SCBA, (Scott - UK) Training at Syngenta Pakistan

Basic Fire Safety and Basic Life Support Training at Nestle North Zone Office

Inergen (IG541) & HPC02 Fire Suppression System Training at FFBL Power Company Limited (FPCL), Port Qasim, Karachi

ONE OF THE LEADING FIRE CONSULTANT OF THE COUNTRY

The Y.H. ASSOCIATES CONSULTING ENGINEERS

- Y. H. Associate is a professional services consulting firm having more than 70 employees, including 15 engineers of various discipline, specializing in the design of Airconditioning, Refrigeration, Heating, Ventilation, Fire Fighting, Mechanical, Electrical, Plumbing, Engineering, Medical Gas and Vertical Transport System.
- Y. H. Associates is a partnership firm and was established by Mr. Yousuf Hasan, having its Principal Office in Pakistan since 1994. Mr. Yousuf Hasan has more than 45 years Experience of Consulting Engineering Business.
- The Building by-laws have also been updated. There was a warning in the newspaper about the Fire Fighting System in the building. It was mentioned that all the Buildings must have the following systems.
 - Fire Pumps
 - Fire Fighting water reserve
 - Fire Hydrants
 - Hose Reels
 - Sprinkler System
- Haseen Habib is providing the above services and playing a vital role in this field. Their offered equipment is trustworthy.
- Y. H. Associates have provided the Consulting Services for various Projects in the Country and abroad. They have done the work in UAE, USA, Afghanistan, Bangladesh, Sweden and Central Asian countries.
- Y. H. Associates have designed the MEP Systems of various buildings in accordance with the Energy Code, Local and International Code Complex. Some of their designed buildings have been "GOLD LEED" and "EDGE" certified. Some of the Projects are as follows:
 - National Foods, Head Office Building, Karachi.
 - Citi Bank, Head Office Building, Karachi.
- In the present era, the importance of Fire Fighting system does not need any explanation. Due to the lack of Fire Fighting System in various commercial and industrial buildings, huge financial and human losses have been seen during the last few years.

، نا کراکسٹنکشر میں پانی بھرنے کے بعداس کو، اسکے آپریٹنگ پریشر سے ایک مخصوص حد تک زیادہ پریشر دیکراس کے استعال کے دوران نہ پھٹنے کی صلاحیت کا اندازہ لگانے جانے والے ٹمیسٹ کو ہاکڈ ڈواسٹیک شمیٹ کہتے ہیں۔اسکاموازنہ آپ ایک ایسے غبارے سے کر سکتے ہیں جو ہوا سے بھرا ہوتو سوئی چھونے پرتو وہ دھما کہ سے پھٹ جا تا ہے لیکن اس غبارے میں اگر پانی بھر کے سوئی چھونی جائے تو آئمیں سوئی چھونے پرصرف ایک چھوٹا ساسوراخ ہوتا ہے جہاں سے پانی ایک دھار کی صورت خارج ہوئے لگتا ہے۔فائز ایکسٹنگشر کوٹمیٹ کرتے وقت بھی اگراس کی باڈی کہیں سے کمزور ہوتو وہ پھٹنے کے خطرہ کے بغیر شمیٹ ہوجا تا ہے اوراس کی ممکنہ کمزوری بھی یہ چل جاتا ہے۔

میری کہانی، میری زبانی

۲۲ اپریل ۲۰۰۵ کی دو پہر ۱۲:۱۵ کا وقت تھا، جب میں حسین حبیبٹریڈنگ کے آفس میں داخل ہوا اُس وقت حسین حبیب کا آفس شاہین ویو، شاہراہ فیصل پر مقیم تھا۔ آفس میں داخل ہو تے ہی میری ملاقات نہایت معتبر شخصیت سے ہوئی جناب فوادشیق باڑی صاحب جو نہایت شفیق طبیعت کے مالک ہیں۔انہوں نے میراائٹریولیا جس میں انہوں نے مجھ سے کچھ سوال کیے اور انگلش اخبار DAWN پڑھنے کو کہا جو میس نے پوری میکسوئی کے ساتھ پڑھا مرکومیرا ابدا زیرت پیندآیا اور مجھے توکری میرکھ لیا۔

شروعات میں جھے فائلنگ کا کام دیا گیا جو میں فیخو بی ادا کیا۔ میری لگن کود کیھتے ہوئے جھے ڈپٹنٹی ڈیپارٹمنٹ میں نتقل کر دیا گیا۔ اُس کے بعد سے میری ترقی کاسفر کا آغاز شروع ہوا۔ میں نے اپنے کر بیز میں مرحوم جناب عثیق الرحمٰن باڑی صاحب اور اُن کے صاحبز ادبے جناب فواد باڑی صاحب اور جناب جواد باڑی صاحب کے تجربوں سے کافی فیض حاصل کیا۔

۲۰۰۲ غیر مهران ٹاؤن، ویئر ہاؤس کا فقتاح ہوااور پھرمرحوم جناب عتیق الرحمٰن باڑی صاحب کی شفقت بھنت اور تجربے کوقریب سے دیکھنے کاموقع ملا۔

اُن کا کردار،اخلاق اور ہڑوں کی عزت واحتر ام سب بےمثال تھا۔اللہ پاک اُن کو جنت الفردوس میں بلند درجات عطافر مائے آئین ...

میری عمرا۲ سال تقی جب میں نے جوائن کیا تھا اور آج تقریباً ۴۰ سال کا ہو گیا ہوں پیطویل عرصہ گویا مختصر کلتا ہے جیسے کل کی بات ہو۔ اِسی عرصے میں میری شادی بھی ہوئی اوراللہ نے مجھے تین بیٹو ل سے نوازا۔اللہ کے فضل وکرم سے تینوں ہیں دینی اور دنیاوی تعلیم حاصل کررہے ہیں۔

میں حسین طبیب کے مالکان کا نہایت مشکور ہوں کہ انہوں نے ہمارا ہمیشہ خیال رکھا ہے اور عید پر بونس اور سال میں ایک فردکور تج پر جیجنے کی پالیسی سے ہمیں دینی فائدہ بھی پہنچایا۔ جناب فواد ہاڑی صاحب اور جناب جواد ہاڑی صاحب نے ہمیشہ اپنے چھوٹوں بھائیوں کی طرح رکھا۔میری دعاہے کہ کمپنی دن دگنی رات چوگئی ترقی کر سے اور ہم ایسے ہی کمپنی کی ترقی میں اپنا کر دارادا کرتے رہیں۔ (آمین)

وَلَنَهُلُونَكُم بِشَىءِ مِّنَ ٱلْخُوْفِ وَٱلْجُوعِ وَنَقْصِ مِّنَ ٱلْأَمُوالِ
وَٱلْأَنفُسِ وَٱلشَّمَرَاتُ وَبَشِّرِ ٱلصَّلِيرِينَ فَ وَالْأَمُوالِ
اورديكهوبم تهيں آزمائيں گے ضرور، (بھی) خوف ہے، اور (بھی) بھوک ہے، (بھی) مال وجان اور پھلوں میں کی
کرے۔ اور جولوگ (ایسے حالات میں) صبر سے کام کیں ان کو تو تخری سنادو۔ (البقرہ: ۱۵۵)

الحمداللدآ ج15 ماہ کے بعد بین بخبر کے فلسطین اور اسرائیل کی جنگ بندی کا معاہدہ ہو گیاہے، انتہائی اطمینان بخش ہے کین اس جنگ و جدل میں فلسطین کے مسلمانوں کا بے بہاخون بہایا گیا جو بہت تکلیف دہ رہا۔اس حوالے سے ہم جو کچھ بھی کوششیں کرتے رہے اللہ تعالی ان کو قبول فرمائے اور دنیا بھرمیں جہاں بھی مسلمان تکلیف میں ہیں،ان کوعافیت اور سلامتی نصیب فرمائے۔آمین!

کیم دسمبر۲۰۲۷ کوالٹد کے فضل وکرم سے ہم نے عثیق الرحمٰن باڑی میڈیکل سینٹر کا افتتاح کیا اورا گلے ہی دن سے کلینک مریضوں کیلئے فعال کردیئے گئے۔ہم امیدکرتے ہیں کہ اس ادارے کے انشاء اللہ معاشرے پر عثبت اثرات مرتب ہو نگے۔ہماراخواب پاکستان میں ہر فرد کوعلاج معالج تک رسائی کا حق دلانا ہے۔چونکہ پاکستان کی چاکیس فیصد آبادی غربت کی لکیرسے پنچے زندگی بسر کررہی ہے عام آدمی کا اپنے والدین اور بچوں کا علاج کروانا ایک انتہائی مشکل امر بن گیا ہے۔اس ادارے کو بنانے کا مقصد لوگوں کو ایک اچھی جگہ پراعلی معیار کا علاج فراہم کرنا ہے۔

میں رب العزت کا بے حد شکر گر ار اول کہ جس نے ہمیں اس کام کی تو فیق عطافر مائی۔ میں اپنے تمام دوستوں اور اہل خان کا شکر بیادا کرنا چاہتا ہوں، خاص طور پرمحتر م انور مقصود صاحب کا، جنہوں نے اِس مقصد میں ہمار اساتھ دیا۔ آپ سب "ہمار اخواب، ایک

صحت مندمعاشرہ" کی تنجیل کیلئے ہمارے ساتھ شامل ہوں جہاں ہرا یک کومعیاری علاج تک رسائی حاصل ہوگی اورانشاءاللہوہ ایک صحت منداورخوشحال زندگی گز ارسکیس گے۔
